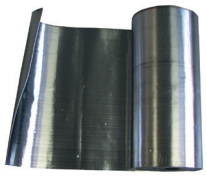
Embase type Bluebac profil tuiles mécaniques (X 1)
Bluebac model polyester base compatible with mechanical tiles (X 1)

Rabat de plomb (X 1)
Lead flap (X 1)



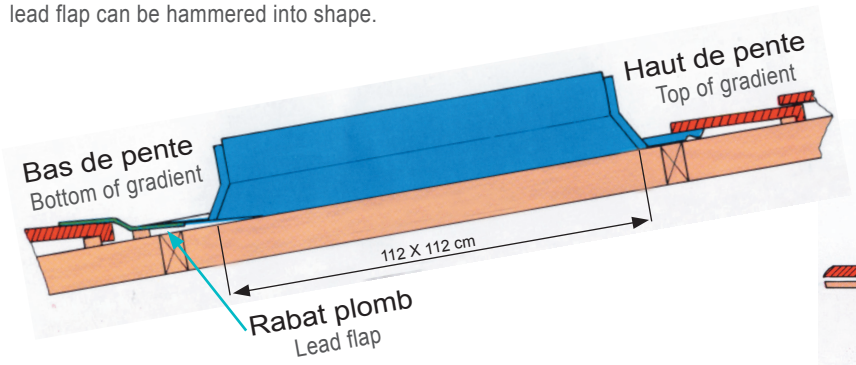
Outillage à prévoir
Tools to be provided

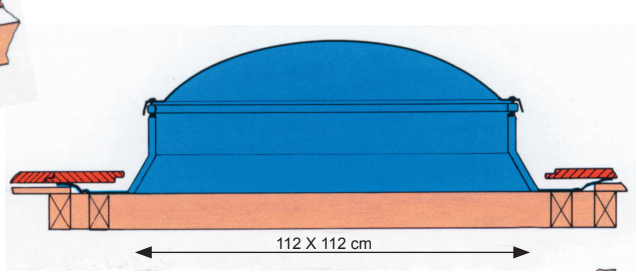
Maillet
Mallet

Visseuse 600 W 1600 Tr/mn
Screwing machine 600 W 1600 Tr/mn

Montage
Installation

Si nécessaire couper de préférence les tuiles du côté droit de l'embase. Prévoir des tuiles entières en bas de l'embase. Le rabat en plomb s'adapte par martelage.
If the tiles need to be cut prior to be assembly, this should be done at the right-hand side of the base. Place whole tiles at the bottom of the base. The lead flap can be hammered into shape.





Les dimensions C et D sont fonction du type d'habillage réalisé sous l'embase
Dimensions C and D will depend on the type of ladding applied under the base
