## Product description

JOINT BATTEN for PAVATHERM-PROFIL is a wooden joint batten with tongue-groove finishing.

The joint batten is used in combination with PAVATHERM-PROFIL for the installation of a solid plank flooring.

Easy installation.

Always consult the local regulations and installation guidelines of the producer.

## Health, Environment and Safety

This product does not contain any substance which is likely to be detrimental to your health or to the environment and complies with generally admitted Health and Safety Requirements.

For more information, please refer to the relevant safety data sheet.

## Storage

Store on a flat surface, keep dry and protected from sunlight.
