This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the standard

EN 13956:2012

under system 2+ are applied and that the Factory Production Control fulfils all the prescribed requirements set out above.

This certificate was first issued on 30th of November 2006 and will remain valid as long as the test methods and/or Factory Production Control requirements included in the harmonized standard, used to assess the performance of the declared characteristics, do not change, and the product, and the manufacturing conditions in the plant are not modified significantly.
