

SOPRANATURE PLUG PLANTS

Description

Sedum for use as vegetation on an extensive green roof when more colour, different shades or specific varieties are desired.

SOPRANATURE PLUG PLANTS have good stress resistance against sun, heat and drought.

Packing

Dimensions (mm)	40 x 50
Packaging	plastic tray*
Recommended coverage (m ²)	15-20 plug plants

*the number of plug plants per tray varies depending on the variety selected

Installation

SOPRANATURE PLUG PLANTS are applied in the Extensive Green Roof System.

A coverage of 15 to 20 plants per m² is sufficient.

Always consult the local regulations and contact the manufacturer for technical questions.

Special indications

Hygiene, Health and Environment

The product does not contain any substance which is likely to be detrimental to your health or to the environment and complies with generally admitted Health and Safety Requirements.

Quality-, Environment- and Safety Management

SOPREMA always recognises as a high level of importance the quality of the products, the environment and safety.

For this reason, we operate independently monitored Quality and Environment Assurance Systems in line with

EN ISO 9001 and **EN ISO 14001**.
