

SOPRANATURE EDGE 45

Description

SOPRANATURE EDGE 45 is a rigid PVC edge retaining profile of 45 mm for the sustainable outline of brick paving, block paving, self-binding gravel paths, flower beds, lawn edges and vegetation-free zones on terraces and green roofs. The flexibility of the profile permits, by removing the noggins, to create curves and corners.

Composition

Material	polyvinyl chloride (PVC)
Colour	grey

Packing

Dimensions (l x w x h) (mm)	2000 x 90 x 45
Pieces/package	10

Installation

SOPRANATURE EDGE 45 is a component of the Extensive and Intensive Green Roof System. Always consult the local regulations and contact the manufacturer for technical questions.

Special indications

Hygiene, Health and Environment

The product does not contain any substance which is likely to be detrimental to your health or to the environment and complies with generally admitted Health and Safety Requirements.

Quality-, Environment- and Safety Management

SOPREMA always recognises as a high level of importance the quality of the products, the environment and safety. For this reason, we operate independently monitored Quality and Environment Assurance Systems in line with **EN ISO 9001** and **EN ISO 14001**.
