

SOPRADALLE CREA

Description

SOPRADALLE CREA is a modular and multifunctional container which can be easily incorporated in roof terraces with PAVING SUPPORT PADS.

It can be used for the creation of small terrace areas such as flower, vegetation (kitchen herbs, ...), rock or other gardens.

SOPRADALLE CREA consists of a height adjustable harmonica TPO-membrane and a polypropene reservoir. The reservoir is root resistant according to EN 13948 (not suitable for bamboo or plants with tracer roots). The edge of the membrane is fitted with a framework. The reservoir serves as support and also as a water reservoir.

SOPRADALLE CREA can be perfectly combined with roof terrace tiles 50 x 50 cm, such as PRESTIDALLE, on PAVING SUPPORT PADS with a height of 70 to 180 mm.

Packing & storage

- box of 6 tiles
- pallet of 12 boxes

Store indoors, protected against weathering

Characteristics

Technical reservoir	polypropene
Harmonica membrane	TPO
Dimensions (mm)	500 x 500
Height edge (mm)	± 40
Mass (kg)	2,4
Height paving support pads (mm)	minimum: 70 maximum: 180

Installation

Remove the tile where the **SOPRADALLE CREA** is placed.

Verify the height of the PAVING SUPPORT PAD (70 to 180 mm).

Install the technical reservoir on the waterproofing.

Place the harmonica TPO-membrane with the framework resting on the PAVING SUPPORT PADS.

Fill up (soil, granulates, ...) so the membrane rests on the technical reservoir. Do not use materials which can puncture the membrane.

Finish off as desired (plants, rocks, ...).

Always consult the local regulations and contact the manufacturer for technical questions.

Special indications

Hygiene, Health and Environment

The product does not contain any substance which is likely to be detrimental to your health or to the environment and complies with generally admitted Health and Safety Requirements.

Quality-, Environment- and Safety Management

SOPREMA always recognises as a high level of importance the quality of the products, the environment and safety.

For this reason, we operate independently monitored Quality and Environment Assurance Systems in line with **EN ISO 9001** and **EN ISO 14001**.
