

# ALSAN COLOUR QUARTZ

## Description

**ALSAN COLOUR QUARTZ** is a coloured quartz sand mixture used in combination with ALSAN 970 FT to enhance the appearance. The mixture always consists of at least two colours.

## Material

Kiln-dried, low-dust quartz sand mix.

## Properties

- low-dust content
- mixture with selected granulometric compositions for optimum properties
- UV resistant

## Application

**ALSAN COLOUR QUARTZ** is used in combination with ANSAN 970 FT.

## Packaging

10 kg bag

## Colours

**ALSAN COLOUR QUARTZ** is standard available in:  
middle grey (842)  
light grey (861)

## Storage

Store in original, sealed packaging, in a cool and dry place protected from moisture.

## Technical data

Grain size: 0,4 – 0,8 mm

**SOPREMA UK Limited** and **SOPREMA Limited** reserve the right to amend the composition of its material and consequently their prices, without prior notice. For this reason, all orders will be accepted only in accordance with the conditions and technical specifications in force at the date of order.

## Product application

---

### Application equipment / tools

- manually

### Application

Sprinkle by hand the **ALSAN COLOUR QUARTZ** on the freshly applied, still liquid, not hardened wearing layer (ALSAN 970 RD).

Apply until the surface is completely saturated (min. 4 kg/m<sup>2</sup>).

If a sprayer is used, make sure no undulations occur.

### Finish

Vacuum off the loose material once the layer has hardened and apply a final coat of ALSAN 970 FT.

### Finishing

Vacuum off the loose sand once the layer has hardened and apply a final coat of ALSAN 970 FT.

## Special indications

---

### Quality and Environment Management

**SOPREMA** has always attached the highest importance to the quality of the products and the environment.

For this reason, we operate independently monitored Quality and Environment Assurance Systems in line with **EN ISO 9001** and **EN ISO 14001**.

## General information

---

The above information, in particular the product application information, is based on extensive development and many years of experience. It's provided to the best of our knowledge. However, the wide range of requirements and conditions on site means that it may be necessary for the product to be tested under those conditions to ensure that it is suitable for the intended purpose. For further information and questions, contact **SOPREMA**.

Only the most recent version of the document is valid. We reserve the right to make changes to reflect advances in technology and improvements to our products.
