

# **ALSAN FLEECE 110 P**

### **Product description:**

ALSAN FLEECE 110 P is a non-woven perforated polyester fleece specially designed for use with the ALSAN PMMA waterproofing resin.

### **Application areas**

ALSAN FLEECE 110 P is used as reinforcement and ensures a minimum layer thickness of the ALSAN waterproofing resin must be applied. The combination provides a high-quality flexible and crack-bridging waterproofing system.

### **Properties**

- polyester fleece
- improves the bridging crack
- makes it possible to control the layer thickness
- very good resistance to decomposition
- mechanically and thermally bonded

## Conditions for application

The conditions of use depend on the resin used.

# **Application**

See technical data sheet of ALSAN 770 (TX).

### Consumption

Depending on the desired application.

### **Technical characteristics**

Density: ± 110 g/m²

## **Packing**

perforated roll:

Width	Length
10 cm	
15 cm	
20 cm	
25 cm	50 m
30 cm	50 111
35 cm	
50 cm	
70 cm	
105 cm	

### Colour

white

### Storage, transport & shelf life

Store in a dry place protected from moisture and pollution.

### Safety information and risks

The product does not contain any substance which is likely to be detrimental to your health or to the environment and complies with generally admitted Health and Safety Requirements.

## Elimination

Dispose of as household waste, even if cured resin residues adhere to it.

## Manufacturer/company

SOPREMA SAS 14, rue de Saint-Nazaire 67025 Strasbourg France

### **General information**

The information in this document is applicable to the corresponding product, provided by Soprema.

Please note that this may vary from country to country.

The above information, in particular the product application information, is based under normal circumstances and is provided to the best of our knowledge.

The wide variety of requirements and conditions on site requires that the product must be tested by the user under the specific conditions to ensure that it is suitable for the intended use.

We reserve the right to make changes that reflect the technological progress and improvements to our products.
